"CMS has outlined important dates for the implementation of the Medicare Modernization Act. This calendar has been posted on the CMS web site at http://www.cms.hhs.gov/healthplans/letters, and has addressed the timeline for primarily Part C. In an effort to provide more comprehensive information that covers the overall implementation of Title I and Title II, CMS has posted a revised 2006. This new calendar will be updated periodically. We invite you to review the calendar and note the timelines and deadlines for participating in the new Title I program as well as the new Medicare Health Plan (formerly Medicare Advantage and Medicare Cost Plans) program."
